Paarshav Shah

Paarshav Shah is undeniably infatuated by the order and chaos that constructs our vast universe. He enjoys exploring the nature of duality, by abstracting juxtaposed concepts, to find a new vision. A new way of seeing something so complex, broken down into the most primitive forms.

He is driven to push his artistic bounds by focusing on sheer attention to detail. It is his belief that a piece of art can only be called a masterpiece if the artist has placed a great emphasis on attention to detail, allowing the viewer to rediscover the painting every time.
